Councilmen to Correct and  
Revise Estimates on Needs  
of Schools.

MAJORITY FAVORS  
\$3,400,000 FIGURE

Vose, Ellsworth and Cobbledick  
to Present Report at the  
Next Meeting.

The joint conference of the City Council, Board of Education and Board of Works, which was held last night to consider the proposed bond issue for new school buildings, playgrounds and additional facilities of the city, resulted in the appointment of a committee of three councilmen, who will revise and correct the estimates of the Board of Education and lay plans for the holding of the bond election.

The Board of Education in making its estimate of the amount of bonds needed placed the figure at \$3,400,000.

NEW SCHOOL SITES.

This sum was to be devoted to the purchase of new school sites in the annexed district and North Oakland, in the erection of new structures and the improvement of a number of existing buildings.

It was the consensus of opinion among the members of the council that the money could not be better spent, but realizing the danger of overloading the city with debt at this stage of its growth, the members resolved that the best plan would be to revise the estimates and to prune the items one by one, so as to get the best results without putting too heavy a burden on the taxpayers.

TO PRESENT REPORT.

To carry out the revision President Fiedelson appointed a committee of three, consisting of Councilmen Vose, Ellsworth and Cobbledick. The members of the committee will work on the estimates of the Board of Education and present a report at the next meeting of the council.

They will also have under consideration the best plan for holding the bond election and the methods to be followed in presenting the matter to the voters.

It is probable that the election will be held between November 15 and December 1, following closely on the charter election.

**Torpedo Boat Floated  
and Men Are Saved**

BERLIN, Sept. 27.—The German torpedo boat, S-75, was refloated today at Kiel, having gone ashore last night during a heavy gale.

The craft carried sixteen men.

The vessel sustained little damage.

An earlier report erroneously stated that two torpedo boats had sunk in the roadstead near Kiel.

The Secret of Health  
and Strength

A New System That Can Be Learned in a  
Short Time.

Having made an announcement in the Sunday issue of this paper, we wish to state further in introducing our new system, that we will give these exercises at one-half the regular price, for the following diseases: Rheumatism, Gout, Gravel, Neuritis, Sciatica, Lumbago, Spasms, as well as all liver and kidney complaints.

Remember, however, we are prepared to handle any known disease under these unique exercises and guarantee results in every case or we will refund the money.

Do not miss this opportunity, which is the first time in the history of the world that the secret of health and strength is being made known to the masses.

## HIRAM JOHNSON GREETED BY PLACERVILLE PEOPLE

Compares 'Square Deal' as Advocated by  
Opponents and His Own; Says He  
Believes in Conservation

PLACERVILLE, Sept. 27.—The Orpheum theater was filled with people last night who came to listen to the address of Hiram Johnson, Republican candidate for the position of governor of the state. The speaker had made the trip by automobile from Sacramento. At several places along the route there were stops made for the purpose of enabling admirers to meet the candidate and tell him of the interest they took in his campaign.

On his arrival in this city Johnson was met by leading Republicans of El Dorado county and greeted heartily. There were present in the throng people from all parts of the country. The reception was also interspersed with music by the local band, the playing of which was greatly appreciated. When Johnson appeared on the platform in the theater, he was greeted with loud cheers and the enthusiasm seemed to inspire him to show his appreciation.

**SQUARE DEAL SUBJECT.**

"Today," he said, "our opponents are dwelling on the subject of a square deal between the people and the interests and are making this the basis of their appeal. Every man believes in the square deal.

"The man who would accomplish within this land the greatest good for all the people will concern himself with the question of a square deal for the great unorganized citizenship of the state.

"So whenever Democratic brethren

go about prating about a square deal, the real motive must be reaching out for votes. That's all."

Johnson repeated his assertion that regardless of the question of Democratic sincerity, however, the fight still remained one of the people against the interests, in which a Republican defeat would be looked upon throughout the nation as a victory for corporate power and wealth as against the whole people.

**REACTIONARY INFLUENCES.**

He pointed out that every reactionary influence was fighting him and becoming aligned behind his opponent.

"We believe," he continued, "in conservation. While conserving the natural resources of our land, we believe in conserving the citizenship of the state."

So that political freedom may prevail and corporate corruption be slain before it has strangled and destroyed the civic independence of the American people.

During the afternoon the Republican standard-bearer was escorted through the big box factory here, and also met many of the prominent merchants and business men of the city.

The vice presidents of the meeting last night were F. A. Boole, H. M. May, Dr. S. H. Rantz, City Clerk C. H. Weatherman, C. E. Barber, J. C. Horn, Otto E. Newcomb, W. W. Hoyt, H. A. Harper, A. S. Lyon, Nick Fossati and Robert Blair.

## BELL AND SPELLACY IN SAN DIEGO FOR A DAY

Control of Harbor Is Theme of Bourbon  
Candidate's Speech; Declares He Is  
More Than Confident

SAN DIEGO, Sept. 27.—Continuing his journey to the southern part of the state, Theodore A. Bell, candidate for governor on the Democratic ticket, reached this city yesterday and was given an ovation while in the hotel. He had not expected to be at the depot on the arrival of an early train from Los Angeles by prominent Democrats, among whom were Colonel Fred Jewett, president of the Citizens' Savings Bank, William Kertner, an insurance man; Patterson Sprague, Colonel R. V. Dodge, who was postmaster here when Cleveland was president, and Judge E. H. Brewster. Bell and Spellacy were taken on a motor tour over some of the finest roads in the State to Point Loma and the site of the proposed San Diego exposition.

**TENDERED RECEPTION.**

At the Cuyamaca Club, Bell and Spellacy were given a reception by the business men of the city and a special trip was made to the Juana Maria Islands, where the guest of friends. There a Spanish dinner was paraded. Last night the candidates appeared before a large audience of Democrats and Republicans in the Germania hall and made speeches which were liberally applauded. Bell spoke heartily in favor of the taxing of the state for the purpose of aiding in the holding of the Panama-Pacific exposition in San Francisco, and at the same time encouraged the project which this city has under way of having an exposition of her own at the time of the celebration of the opening of the great waterway.

Speaking about the resources of San Diego, Bell said:

**CONTROL OF HARBOR.**

"The harbor of San Diego should belong to and be controlled by your city in trust for the people. I declared opening campaign address I declared

ATAMEDA, Sept. 27.—Five Chinese shrimp fishermen accused of violating the game laws in taking undersized fish with their shrimp nets today held for trial before the Superior Court by Judge Elbert B. Johnson.

During the confusion caused by the wedding of the young lady, the case is regarded as a test case and will probably result in a radical revision of some of the provisions of the statute.

The ball of the Chinese was fixed at \$100 each, which they furnished, and are at liberty until their appearance in the Superior Court.

## SWINDLERS GARE IN POLICE NET

Three Bands of Bunco Men  
Fall into Detectives  
Hands

PLAIN CLOTHES MEN'S  
SUCCESSFUL RUSE

Ten Men Are Placed Under  
Arrest; Capture Is  
Record Breaker.

With the arrest of ten confidence operators by the Oakland police yesterday, three separate gangs being included in the list of bunco men, Captain of Detectives Walter J. Petersen declared that the arrests break all previous records. The men have not been charged as yet, being held in detention pending an investigation of the plain clothes men's successful ruse.

The first of the wholesale arrests was made when Captain Petersen, with the aid of an old soldier, B. P. Nye, and a roll of confederate dollars, lured four confidence men into a rooming house in the presence of two detectives, and took them into custody at 11:30 p.m.

The men arrested were Albert G. Spottis, fake prize fight manager; Arthur J. Smith, fake prize fighter, and Bert Campbell, bartender and prize fighter. Of these only Campbell has been found to have been in the city for some time, having been seized in a fraudulent footrace pulled off in San Francisco.

**ITALIANS ARRESTED.**

Traced to Santa Cruz, three Italians, believed by Captain Petersen to be the bunco steers who swindled Giovanni Rossi, of \$1100 while he was visiting in Oakland a week ago, were taken into custody by the police yesterday.

They are the sons of a Santa Cruz and Detective Kyle of Oakland yesterday. They are E. Chisla, Joseph Costa and James Costa.

They were arrested by the police after a struggle which was necessary before the three men were brought to Oakland.

Blanchi will be added to the list of the three men. While in Oakland a week ago he was met by them and taken to a gambling house at 1315 Third and Peraltas streets, and there induced to engage in the Italian gambling game of hood. He was seized by the police and taken to the station.

He was released until he reported the theft to the police.

**HAD CONFEDERATE MONEY.**

The second trio of Italians found whom the detectives have succeeded in throwing into the net consisted of Walter Basilio, Frank Conigan and Pellegrino Giuseppe. They were arrested yesterday by the police after a struggle which was necessary before the three men were brought to Oakland.

## WOMEN BEHIND WINDOWS OF LOCAL TICKET OFFICES

Feminine Pasteboard Sellers Predominate;  
Oakland to Be Destination of Home-  
seekers; Railroad News

Although the persons behind the Broad-  
way office counters and the main line  
station windows who sell railroad tickets  
to distant points are usually men, it is  
the women that sell nearly all the tickets  
on the ferry-train lines. If your train is  
already in and you run for the ticket  
window, knocking people out of your  
way in your wild progress, it is a woman  
that deftly hands out a piece of card-  
board and the right change in time for  
you to catch the train, smiling all the  
while at your haste.

There are women in sole charge of  
some of the local stations of the Southern  
Pacific, while in almost all of them there  
are women assistants or ticket clerks.

**SINCE EARTHQUAKE.**

Mrs. Lizzie Rivers has been the agent  
at the Fourteenth and Franklin street  
station since the earthquake of 1906, her  
assistant being Mrs. C. B. Brasher. Miss  
Abernethy is in charge of the Broadway  
station of the Seventh-street line, having  
been promoted from Sixteenth street.

She has several girl assistants. Miss  
Nixon is the agent at Clinton-street sta-  
tion and Miss Marlene Kane is the Grand  
Street, Alameda, agent.

And there are others.

**HOME-SEEKERS COMING.**

Oakland is to be the destination of  
thousands of home-seekers from the East,  
who will take advantage of the colonist  
rate tickets to be sold on all the trans-  
continental lines between October 1  
and 15.

Deposits are being made by friends  
here on tickets to bring persons from the  
East and the inquiries are greater  
than in previous years.

There has been a great deal of advertising  
in the East this year, through the pub-  
licity given the completion of the West-  
ern Pacific and through other channels,  
than ever before, and the effect is being  
shown in the recent incoming settlers' travel and that which is expected soon.

**LEAVE ON TRIP.**

A party which left over the Santa Fe  
today for the Grand Canyon was com-  
posed of Mrs. Frances I. Gray, her  
daughter, Miss Katherine A. Gray, Miss

and Mrs. L. C. Davis, formerly assistant cashier  
at the freight office of the Western Pacific  
railroad, has resigned to accept an  
official position with the Globe Express  
Company. His headquarters will be in  
Oakland.

Prior to taking the Western Pacific  
position Davis was ticket agent of the  
Lompoc route in San Francisco. He  
is a Californian and well known in rail-  
road circles.

**Girl Held in Chicago  
As Bad Check Passer**

CHICAGO.—Phyllis Roberts, alleged by  
the police to be the girl who for weeks  
passed checks on Los Angeles and other  
Western cities by rapid elapses from  
male attire to feminine draperies, is held  
in detention here today, charged with is-  
suing worthless checks.

E. P. Lambert, a hotel clerk, and a  
man giving his name as Robinson, were  
arrested with the girl, and similar  
charges preferred against them.

Miss Roberts is said to be a member of  
a well-known family of Santa Barbara.  
According to the officers, she is wanted  
in several cities for alleged forgeries.

**NEGLECT CHARGED IN DIVORCE.**

Julia Levine was granted an interlo-  
cutory decree of divorce by Superior  
Judge Waste this forenoon from Harry  
Levine, on the ground of wilful neglect.  
and Kate Smith secured a final decree  
from George W. Smith for desertion.

**INSURANCE ASSN.  
RECEIVE REPORTS**

On September 16 There Was  
on Hand \$22,000; Suits  
Against Note Makers.

According to the third report of Re-  
ceiver W. C. Hollaway of the California  
Mutual Livestock Insurance Association,  
covering the four months ended Septem-  
ber 15 and first filed in the Superior Court,  
the assets and liabilities of the corpora-  
tion have changed but little. At the  
close of business September 15 there was  
on hand \$22,000, which included the  
cash on deposit on the Security Sav-  
ings Bank of Los Angeles for \$3000,  
with interest, which represents the re-  
sult of the association. The total  
amount paid over to the receiver by the  
bank was \$1018.32, which was deposited  
by him at interest.

Since the receiver's second report he  
has had 407 suits in the justice courts of  
this county against various makers of  
premium promissory notes, where the  
notes were made payable in Oakland. In  
this the receiver advised the justice  
court that he deems it advisable to make

paper is made payable outside of Alameda  
county, in order that unnecessary  
expending of money in bringing suits  
should be avoided in cases where the  
maker is not preparing to make such in-  
quiries.

The collections made on premium notes  
during the period under review amounted  
to \$4117.77, which reduced the amount on  
premium notes correspondingly. There  
was added to the list of premium promis-  
sory notes \$2346.67, which had never  
been entered on the books of the as-  
sociation as an asset and were not  
treated as a part of the assets until the

## PUBLIC LAND LAWS NEED REVISION IS CLAIM

Secretary Ballinger Addresses Letter to American Mining Congress.

WOULD URGE CONGRESS TO MAKE A CHANGE

The Mineral Statutes in Good Condition, He Writes Big Gathering.

Secretary of the Interior, Walter A. Cragg, in a letter to the American Mining Congress, which is being held in San Francisco, has expressed his opinion that the mineral statutes are in good condition. He writes that the laws governing the mining industry are well adapted to the needs of the country and that no fundamental changes are necessary. However, he does suggest some minor amendments to improve the efficiency of the system.

IS EXPERIMENTAL

Mr. Cragg's letter is a response to a request from the mining congress for a comprehensive review of the mineral laws. He states that the department has been studying the matter and has concluded that the existing laws are generally sound. He mentions that some of the laws are old and need to be updated, but that the basic principles are still valid.

Declares Under Oath That the Department Is Being Illegally Conducted.

IN LEAGUE WITH THE UNION, IS ACCUSATION

Says His Company Is Marked for Ruin by Radical Labor Men.

Declaring under oath in a lengthy petition to the Board of Police and Fire Commissioners, which he caused Attorney P. D. Black & Reed to file, Kendall charges that the police department is being run as a machine. He accuses the police of being in league with the union and of being marked for ruin by radical labor men. He claims that the police are not interested in the public safety but are only concerned with their own interests.

KENDALL'S DOCUMENT

The document is as follows:

To the Honorable Board of Police and Fire Commissioners of the City of Oakland, California:

I, Kendall, do hereby declare under oath that the police department of the City of Oakland is being run as a machine. I declare that the police are in league with the union and are marked for ruin by radical labor men. I declare that the police are not interested in the public safety but are only concerned with their own interests.

## RUGBY PLAYER IS TAKEN TO HOSPITAL

Max Steinhart, Captain of the Santa Clara Team, Carried From Field for Operation.

Max Steinhart, the captain of the Santa Clara Rugby team, who was taken from the football field to Fabiola hospital after the game with the California freshmen yesterday, was operated on last night for appendicitis. According to the statement issued by the hospital authorities this morning, Steinhart passed through the ordeal in good shape and is doing very well.

While his condition is serious, there is no immediate cause for alarm as it is expected that the young man's splendid physique will pull him through. Steinhart, who is 19 years old, was suffering from appendicitis when he entered the game yesterday, but in spite of the pain he pluckily remained on the field until near the end of the last half, when he collapsed and was carried off. He was removed to the hospital, where it was found that he was in bad shape, and it was decided to operate at once. The operation was performed by Dr. N. H. Chamberlain.

## Spirit of Thrift in the Lincoln School

A spirit of thrift prevails in the Lincoln Grammar school and since the inauguration of the savings bank system in the public school the children of the schools have been splendid depositors in the Farmers and Merchants bank, where the boys and girls of the Lincoln school entered \$38, which represents the amount secured from the high eighth grade which is in charge of Miss B. Carter. Every week a neat sum is placed in the bank from that school.

Every penny that the boys and girls are given is turned into the bank for safe keeping, and the children are becoming very economical and are eliminating all unnecessary expenditures to place the shikels in the bank for a rainy day. They declare that they must save for the future in case they may need something that their parents cannot afford to purchase for them.

"It is an excellent thing for the children to appreciate the idea of putting aside the dimes and nickels," said O. H. Greenman, principal of the Lincoln school, yesterday afternoon. "The children are now learning the value of money and are developing the habit of saving."

## Basket Ball Team Secures New Uniform

The basketball team of the Lincoln school have secured their uniforms for the tournament to be held October 7 in the school grounds, where all the squads of the school will enter into the tournament, which is arousing much interest in the school. The team is headed by Athol Durand as captain. Among the star players of the team are Hazard Gurnee, Fred Harding, manager, Herbert Ferguson and Harry Appleborn. The colors to be worn by the team are gray with the letter "L" in blue.

The girls who will also play in the tournament will wear the same colors. The team has not as yet been selected for the contest, but there are fifty girls in the squad from which the teams will be selected. As yet no captain has been appointed, but in the course of a few days she will be selected.

There will be five girls' basketball teams in the Lincoln school, the members of which will enter competition with other school teams during the term.

## Class Party Given by High School Juniors

The juniors of the Oakland High School gave their class party Friday evening at the home of Mildred Manuel on Grand avenue. Exactly one hundred of the class were present, and the evening was spent in "dutch waltz" and dancing. During the evening supper was served. Among those present were: Miriam Elder, Genevieve Hough, Sterling Porter, Marjorie Porter, Tom Hennessy, Laura Wylie, Howard Norton, Margaret Meek, Grayson McPhie, Gladys Furth, Mildred Harty, Katherine Thompson, Harold Wadsworth, Edna Bassett, Gordon McDorald, Vera Moffitt, Louis Huntington, Lucile Moffitt, Kirby West, Hazel Payne, Harold Reynolds, Zoe Hermle, Helen Greene, Gretchen Sneathen, Henry Petray, Alice Williams, Earl Pedlar, Ada Hamilton, Wilbur Gauss, Grace Parker.

## High School Football Team Takes Up Rugby

The boys of the Oakland high school football team began the practice of Rugby at Bushfield park playground yesterday afternoon and during the time the game was in progress there was much interest displayed on the part of the football fans who enjoyed watching the progress which the high school athletes were making in Rugby.

Every Monday afternoon the boys will train at Bushfield and it is believed that the boys of that squad will be prepared in a short time to contest with any other school team of this city, although they have not as yet received any challenges.

## School Boys Discuss Bonds With Mayor

A delegation of boys from the Oakland Manual Training school called upon Mayor Mott yesterday to learn his attitude toward the proposed issue of school bonds. They were assured by the mayor that he was not averse to the bonds.

"I think it a disgrace," he said, "to house the students in a school like the Polytechnic high school."

The committee waiting upon the mayor was made up of the following students: Waldo Clark, Griffin Gush, Harry Greenwood, Wallace Kyles, Charles Barry, Alfred Eteman, Richard Werner and George Hight.

## FLORENCE NEWQUIST, WHO IS A LEADER IN SCHOOL FOLK DANCES

FLORENCE NEWQUIST. —Arrowsmith, Photo.

## Children Interested in Graceful Folk Dances

Florence Newquist has proved to be one of the most graceful devotees of the folk dances, which are in vogue at the Franklin school, where they were introduced last August by Miss Margaret Peare, one of the instructors of the school, who directs the dances. There are about 50 girls who practice the folk dances in the Franklin school hall, where all the windows are thrown open during the hour and the little girls, ranging in ages from 10 to 15, make merry in the dances that are being enjoyed by the European and eastern styles.

One of the most picturesque folk dances is the Norwegian greeting and the ensemble of "I see you" which gives the children an opportunity to display facial expression and courtesy.

The little girls have been charmed by the folk dances and eagerly await the day when they can promenade around the hall in their bloomers and rest on the floor of the room after each dance.

## Original Stories By Young Authors

A DUMB HERO.

(By Cyril Hofmeister, Aged 12.)

It was winter, and new men were sent to the lumber camp in the mountains. One of the men brought a keen scenting fox terrier which was the mascot of the crowd.

As the new men were there, new supplies and a cook should have been sent, but through some mistake no supplies came. The days went by until a week had passed.

The boys were called to meet in "Section A" to discuss the situation. After they had all assembled the head man or foreman of the "gang" arose. He appeared rather grave. He was pale and excited.

"Men," he began, in a low, hollow tone, "suppose you all know why we are here. We are facing starvation. I see no way of being saved unless the supplies are brought immediately. I cannot spare one of you, so I myself, shall have to go."

Suddenly a short redheaded Irishman arose, but he was not noticed. He called "Trix" to him and saw that the dog was in good condition, as he was never mistreated.

"Boys," at last spoke the Irishman, "I have an excellent plan. Why not send this dog out to find the supply camp? We will tie a note to his collar and send him in the direction we think best. Trixy will surely obey."

The dog understood and started out. Soon he heard men's voices. Then he very dimly saw a wagon. After reaching the wagon he jumped in front of the horses and kept barking at the driver. Soon the men noticed the dog and the pill box on his collar.

The men in the wagon had lost their way and were just going to start back, when the dog appeared.

The dog soon led them into the camp and there was great rejoicing and a "big feed" following. Trixy was not forgotten in the "feed," and was known thereafter as "Trix," the dumb hero.

## Surprise Party Is Given by Children

Sixteen children assembled at the pretty home of Eleanor Collins to enjoy a surprise party. The room was decorated with red roses and sweet peas. The children spent the afternoon in games and after luncheon they went home happy.

Those who were present included Eleanor Collins, Anna Drucker, Emaline Gunther, Maybelle, Mars, Hazel Fellows, Ethel Fellows, Maimi Holden, Helen Holden, Winifred Holden, Hilda Larsen, Esther Babcock, Hazel Shields, Mory Shields, Roy Gore, Genevieve Collins, John Collins.

Mrs. Jacob Wilmet, Lincoln, Ill., found her way back to perfect health after suffering with kidney trouble and backache and my appetite was very poor at times. A few weeks ago I got better. Kidney Pills gave me a great relief. They gave me a great relief, so I continued to take them and kept barking at the while. Soon the men noticed the dog and the pill box on his collar.

## GIRL ATHLETES CLASH WITH COMMISSION

Feminine Tennis Players of the High School Regret Playground Board's Decision.

There is indignation existing between the tennis section of the Girls' Athletic Association of the Oakland High school and the playground commission, who refused to set aside a certain tennis court in Eu Fremery park playground for the exclusive practice of the girls of that section of the athletic association on certain days and hours of the week. The playground commission stated that there was no reason why the courts should be set aside for any special class of girls as the taxpayers intended that they should be used by all at all times, and that no parity should be shown as it is a public ground where there will be no distinction made for race, color or creed.

Miss Gertrude Chappelle, president of the Girls' Athletic Association of the Oakland High school, said that the tennis section, which meets Monday and Thursday afternoons at Eu Fremery courts, did not ask for any special favor from the commission, but simply thought that if the courts would not be used on those days they wanted to know if the tennis section of the high school could practice there after school hours.

Many of the girls in the high school are members of the tennis section, which is headed by Margaret Garthwaite, former president of the Girls' Athletic Association of the Oakland high school.

## Park Tennis Court Is Proving Popular

ALAMEDA, Sept. 27.—The recent working over of the Lincoln Park tennis courts has been a factor in causing renewed interest in tennis among the boys and girls who play on the park courts. The Lincoln Park Club will meet the De Fremery Tennis Club of Oakland Sunday on the Lincoln Park courts in the deciding game of a three-game series. B. Sharp, manager of the Lincoln Park Club, is enthusiastic over the tennis outlook and predicts increasing popularity for this game in Alameda.

## Young Franklins Are Victors Over Blue Caps

The young Franklins and the Blue Caps played a thrilling game, which ended in the latter's defeat by the score of 12 to 9.

## Items of Interest

## THE BOWER BOX.

The bower bird of Australia builds a house for amusement merely, and decorates it with brilliant objects as if thus to mark its purpose. In beginning its bower the bird weaves a tolerably firm platform of small twigs, which look as if it had been trying to make a doormat and had almost succeeded. Next it pushes some long, slender twigs into the platform, working them in tightly, and arranging them so that when they are fixed at opposite sides of the platform their tips cross each other and form a simple arch. These twigs, set along the platform on both sides, make an arched alley.

When completed the bower is certainly not a nest, and the bird's real nest is not discovered. The bower serves as an assembly room in which a number of birds take amusement. The birds run through and around it, chasing one another sportively, uttering meanwhile a deep and resonant note. Both entrances of the bower are ornamented with bright and shining objects, such as broken glass, old crin., ribbons, shells and gay feathers. The adult male bower bird has rich, deep purple plumage, glossy and close of texture. The female is almost olive green, and the young male is similarly colored.

One of the oldest sea superstitions has been connected with the flying of birds. If the birds few high, that signified good weather; if they skimmed the water, the meant bad weather. There is gradually spreading among the seamen a superstition that if any animal is aboard the vessel bad weather may be deferred, even if the birds are flying close to the water. If the head of a ship is pointed aft and is held in that direction for some time.

## WHEN IS A HEN? COURT WOULD KNOW

WASHINGTON, Sept. 27.—The new court of customs appeals is in full swing of its first session. The much disputed question, "Is a hen a bird?" which the treasury officials passed up as hopeless, probably will come before the court at this time.

The question is, if birds' eggs are free under the tariff and hens' eggs are taxed 6 cents a dozen, why isn't a hen a bird? An importer who paid the duty wants to know.

Another importer has canned eggs, which he wants a duty on. He asks about on which the duty is lower. Many customs cases have been brought by Chinese merchants who have poultry meat packed in oils, which they want the 10 per cent duty on.

## ALL A MISTAKE ABOUT PEARLS

Mrs. William Miller Graham Denies She Wore 20 Yards of Them.

SAN FRANCISCO, Sept. 27.—Mr. and Mrs. William Miller Graham, fresh from the whirl of London's most fashionable social set, arrived in San Francisco yesterday and registered at the Palace hotel, en route to their home in Santa Barbara.

It is the intention of the Grahams to spend the winter in Santa Barbara, preparatory to returning to London, where it is generally understood Mrs. Graham will entertain again next season.

In fact, Mrs. Graham admitted yesterday that she would have a house in London next year, and she added that her husband probably would spend the greater part of the season there.

## DISLIKES NOTORIETY.

"We are still Americans and California is still our home," said Mrs. Graham, looking back to the season of social events in London with only one regret, and that was the notoriety that a few American newspapers gave me. I am underserving of it. I entertained because I enjoyed it as I had enjoyed it in previous years in London.

"And this regret is deep because these unfair criticisms were published mostly in our California papers."

Mrs. Graham mentioned a recent story of one of her social affairs in which she was described as welcoming her guests adorned with a string of twenty yards of pearls.

"Where was a story originated," she remarked, "I am at a loss to understand. Why, in the first place I am not fortunately the possessor of such a string and if I were I certainly would never wear it in receiving guests in my own home or show such bad womanly taste by overburdening myself with jewelry."

"I entertained as all women like to entertain and I was unfortunately the little notoriety that was unfortunately bestowed on me by misinformed critics."

## ROOSEVELT CRITICISED BY BRYAN IN SPEECH

PUEBLO, Colo., Sept. 27.—Declaring that the Democratic party would recruit and supporters of its policies, but holding that the veterans should receive full credit for the enactment of those policies in law, William J. Bryan, at a mass meeting here yesterday defended Theodore Roosevelt as being inconsistent in his political record.

Mr. Bryan pointed out that the insurgents in the Republican party now favored the election of United States senators by a direct vote of the people, and that this was a cardinal Democratic tenet.

## NEW ENGLAND TOWNS GAIN IN POPULATION

WASHINGTON, Sept. 27.—Population statistics for the country in the census were made public yesterday by the census bureau of the following cities: New Bedford, Mass., an increase of \$34,210, or 54.8 per cent over 22,442 in 1900.

North Attleboro, Mass., an increase of 7741, or 21.5 per cent over 35,956 in 1900.

Dubuque, Iowa, 38,494, an increase of 2187, or 5.7 per cent over 35,307 in 1900.

## CUTICURA CURES STAY CURED

First Father is Cured of an Eruption that Burned and Itched Day and Night. Then Baby is Cured of a Distressing Rash.

Neighbors Pleased to Find a Sure Cure for Skin Afflictions.

"I suffered for eight years with what the doctors called the 'seven year itch.' This was like small red pimples such as form on the face but they burned and itched day and night. The pimples were from my feet up, but mostly on my thighs and arms. I tried doctor after doctor but the medicines brought no relief. But at last I struck the right treatment. I used Cuticura. I bought a set of the Cuticura Remedies—Cuticura Soap, Ointment and Pills—and a few applications brought relief. When I had used about half the set I was nearly cured and after using two full sets I was well and best of all, I have stayed cured."

"About four months ago, our baby began to be covered with a rash and his head with a spreading sore. Back of the ears, the flesh cracked open and the poor baby would scratch till it bled. He wailed, cried and could not sleep. Then we bought a set of Cuticura and with a few applications the burning and itching ceased, baby stopped worrying and could sleep. When this single set had gone we had no use for any more as baby was never troubled with the disease again. The neighbors who saw the condition of the baby all asked what cured him and when we told them, they were surprised and asked for advice. They got it from the Cuticura Remedies. Edward H. Carter, 323 North 87th St., Camden, N. J., Mar. 6, 1910."

A single set of Cuticura Soap and Ointment is often sufficient, rendering it the most economical treatment for afflictions of the skin and scalp. Sold throughout the world. ## BATTLESHIPS TO SOON BE IN DOCKS

Atlantic Fleet Finishes Target Practice on Southern Drill Grounds.

WASHINGTON, Sept. 17.—All is ready for the docking of the sixteen battleships constituting the Atlantic fleet, which has just completed target practice on the southern drill grounds off the Virginia Capes.

The fourth division, which was the only one that had not finished firing when darkness fell Saturday is understood to have finished since.

The Georgia, on which the recent gun explosion occurred, the North Dakota, Kansas, Louisiana, New Hampshire, Delaware and South Carolina, will dock at Norfolk and the other vessels of the fleet will dock at their respective home ports. The Georgia will have its forward turret gun replaced.

## MAY RESTORE FOOTBALL IN COLUMBIA COLLEGE

NEW YORK, Sept. 27.—President Nicholas Murray Butler of Columbia University has called the student board in consultation to ask its advice on the question of restoring football to the list of sports and again instituting inter-class games, which were abolished two years ago.

Advocates of the game at the university believe that under the new rules the ban on football may be safely raised. It is expected also that if inter-class games are restored Columbia will again become a contestant with the other large colleges for gridiron honors.

## Stage Discards Hobble Skirt

LONDON.—How long will the ladies go on tying necks and ribbons round their ankles? Prophecies are conflicting. One soothes sweet forcibly that the shackle skirt is dying out. Another prophesies that the country is this morning forecast is that the ladies will tie their ankles and knees round more tightly than ever. Skirts will be so narrow that in order to enable women to walk at all we are now devising a system of expending folds. The unapricid-shackled skirt, more shackled than ever, will apparently be built somewhat on the lines of a corset.

# Yale Instructor's Wife Sues to Keep Children

STANTON N. J. — Ruth R. Sheen, wife of William E. Shegart, professor of mathematics at Yale University, is in the court of chancery today seeking full custody of her only child, 11-year-old Adeley. She and her husband have been married two years and Mrs. Sheen is a daughter of Captain John Dill, ex-gov. of New York. Nations Club. The Dill family is said to be wealthy. The marriage of Mr. and Mrs. Shegart took place in New York City of April 1, 1908.

In her bill Mrs. Sheen says that she is forced to leave her husband and her two-year-old child on September 1st of next because of his long continued elopement. On one occasion she alleges to strike her blow on the ear, strangling her. She also says others huddled her

## HAVE RIGHT TO POSSESS LANDS

Congressman Smith Upholds Claim of Citizens to Mineral Soil.

Prospector Entitled to All He Can Get, Legislator's Argument.

LOS ANGELES, Sept. 27.—Fifteen minutes' discussion on the subject of a Federal Government and the Oil and Gas Act, which was the feature of today's session of the American Mining Congress, through President Fox, the California Oil and Gas Association, formally directed the attention of the audience to the question of the right of the citizen to possess mineral lands.

Congressman S. C. Smith of Berkeley, then followed with the principal address of the day. He declared his belief in the right of the citizen to possess mineral lands, and that he would support any legislation which would give the citizen the right to possess mineral lands.

The plan of the Congress, he declared, would substitute a system of mineral lands for the present system, which was a system of mineral lands.
